

QUALITY CONTROL STATEMENT

At Marshall Errock Construction we recognised the fundamental importance of quality control. We are passionate to ensure that all projects stay on track, on time and within budget.

Quality is profoundly high on MEC agenda in its importance not only to be the above but in its accordance with risk, communication, change, procurement and human resources.

Quality Control Objectives

- To deliver our clients the standards of quality specified in the contract.
- To ensure that all our employees are trained in quality assurance and that training is ongoing at all levels.
- To meet all legal requirements.
- To provide the resources necessary to achieve the required level of quality.
- To ensure that quality control mechanisms are being sufficiently applied at all times.
- To provide documentary evidence of all quality control measures.
- To ensure that all consultants, suppliers, sub-contractors, and others who are involved in our projects meet the required standards.
- To continually review, improve and implement quality control and the best practise procedures.
- To seek feedback from our clients and consultants as to the level of quality delivered.
- To ensure all employees involved in the project have read and understood MEC policy.
- Currently working towards ISO 9001:2015 status.
